- Welcome to the 2024 Monster Energy AMA Supercross Championship season. We will be distributing a rider & team information guide via email prior to each event. The goal of this guide is to provide you with event specific information along with discussion points that may present themselves throughout the year. It is important to note that all riders entered in the event **MUST** still attend/view the mandatory rider's meeting. This guide is to help increase the lines of communication and your feedback is always welcome.

Mike Pelletier

Anti-Doping Code:

- It is the rider's responsibility to understand all aspects of Anti-Doping including, but not limited to, the Prohibited Substance List and Therapeutic Use Exemption application process.
- Compliance with Anti-Doping is an essential precondition to the issuance of a professional AMA Supercross competition license.
- Any Anti-Doping violation or refusal to submit to testing as requested by AMA or their respective drug-testing partners may result in the immediate suspension of the competitor's license and loss of all rights to compete in AMA Racing sanctioned events.
- Random tests for drugs and alcohol may be conducted at the sole discretion of the AMA or their respective drug-testing partners.

Sound Testing:

- The sound levels in the 250SX and 450SX classes will be verified with the 2-meter max method. This is the same as last year. **All competitors entered may be sound tested at any time.**
 - o The 2024 maximum sound limit is set at:
 - For pre-race inspection: Max. 112 dB/A
 - For post-race inspection: Max. 113 dB/A

- Failure to do so will result in a penalty.

Gate Procedure:

- Only one mechanic per bike will be allowed.
 - o Collared shirts and appropriate attire is mandatory.
- Please be considerate of other bikes trying to get through once called to the starting line.
- Do not start your motorcycle until directed to do so by an AMA Official.
- Grooming may be done anywhere behind the front leading edge of the starting gate.
 - o No shovels, tools, water or other implements are permitted to be used.
 - o A brush utilizing nylon type bristles may be used. (No steel type bristles).
 - o Slamming of the gate at any time will not be tolerated.

 - o If you are lined up behind an end gate during a Heat Race, you will be required to move.

Starting Procedure:

- An AMA Official will give the signal to start your engines and will point down the entire grid.
 - o Mechanics must exit to the rear of the grid.
- The 30-second sign will be held upright for 30 seconds and then turned sideways.
 - o Upon the sign being turned sideways, the gate will fall between a 5-10 second interval.
 - o When using a digital type of count down 30-second board, if the board malfunctions in any way during its display, the start procedure will continue and the board will be turned sideways at 30 seconds.

Qualifying & Alternates:

- Afternoon qualifying practices will be used to compile the 40 fastest riders in the 450SX and 250SX classes.
- These 40 riders will advance to the Evening Program.
 - o Alternates will be allowed to take the place of a qualified top 40 rider who is unable to make their Heat Race.
 - o Once an alternate officially replaces a top 40 qualified rider, the qualified rider is no longer eligible to participate in any further races at that meet.
 - o We ask that alternates be available (in gear) prior to the Heat Races in Pre-Staging.
 - AMA staging personnel will notify them of their eligibility to compete.
 - Qualified riders 41 – 44 from each class are requested to be available in Pre-Staging.
 - Top 40 qualified riders that know they will not be able to make the start of the Heat Race but still intend on participating in the LCQ must inform AMA staging personnel of their intent prior to the staging of the Heat Race.

Flags and Lights:

- Safety is a main priority and we ask that each of you obey all official signals and directions given to you on course.
- Please take the time to familiarize yourself once again with the following flags and lights.
 - Solid Blue Flag:
 - Indicates you are about to be overtaken by faster riders.
 - When conditions allow, move out of the fast line. Once out of the fast line, hold your line, do not ride erratically and do not impede the faster rider's progress.

 - This includes the sighting or cool down laps.
